

that the public housing units will remain available for use by low-income families for the maximum period required by law. In addition, the PHA must warrant that any agreement providing for the management of the public housing units by an entity other than the PHA shall require that the units be operated in accordance with all applicable requirements under this subpart for the full term of any low-income use restrictions.

(2) The PHA shall submit a certification of previous participation in accordance with procedures set forth in 24 CFR part 200, subpart H, and shall ensure that a similar certification is submitted to HUD by the participating parties.

[61 FR 19714, May 2, 1996, as amended at 64 FR 50228, Sept. 15, 1999]

EFFECTIVE DATE NOTES: 1. At 61 FR 19715, May 2, 1996, § 941.606 was added. This section contains information collection and record-keeping requirements and will not become effective until approval has been given by the Office of Management and Budget.

2. At 64 FR 50228, Sept. 15, 1999, § 941.606 paragraph (m) was amended by revising the second sentence, effective Sept. 15, 2000. For the convenience of the user, the superseded text is set forth as follows:

§ 941.606 Proposal.

* * * * *

(m) *New construction.* * * * This may be accomplished by the PHA's submission of a comparison of the cost of new construction in the neighborhood where the housing is proposed to be constructed and the cost of acquisition of existing housing (with or without rehabilitation) in the same neighborhood (including estimated costs of lead-based paint testing and abatement). * * *

* * * * *

§ 941.608 Technical processing and approval.

(a) *Initial screening.* HUD shall perform an initial screening to determine that all documentation required as part of the proposal under § 941.606 has been submitted. HUD will advise the PHA of any deficiencies in the proposal and indicate that additional information will be accepted if it is received by a specified date.

(b) *Technical processing.* Upon determining that a proposal is acceptable for technical processing, HUD will evaluate the proposal to determine:

(1) Whether the PHA has the legal authority necessary to develop public housing units through the establishment of an owner entity and the use of mixed-finance strategies in accordance with this subpart;

(2) Whether the proposed sources and uses of funds set forth in the proposal are eligible and reasonable, and whether HUD's preliminary assessment of the financing and other documentation establishes to HUD's satisfaction that the mixed-finance development is viable and is structured so as to adequately protect the Federal investment of funds in the development. For this purpose, HUD will consider (among other factors) the PHA's proposed methodology for allocating operating subsidies on behalf of the public housing units; the projected revenues to be generated by any non-public housing units in a mixed-finance development; and the 10-year operating pro forma and other information contained in the proposal;

(3) If applicable, whether the public housing units in the proposed development will be comparable in size, location, external appearance and distribution within the development to the non-public housing units;

(4) If public housing development funds are to be used to pay for more than the pro rata cost of common area improvements, whether the proposal ensures that:

(i) On a per unit basis (taking into consideration the number of public housing units for which funds have been reserved) the PHA will not exceed TDC limits; and

(ii) Any common area improvements will benefit all residents of the development;

(5) Whether the proposal complies with all program requirements including, if applicable, any comments received from the unit of general local government pursuant to section 213 of the Housing and Community Development Act of 1974 (42 U.S.C. 1439) (see 24 CFR part 791, subpart C); and

(6) Whether the proposal is approvable following completion by HUD of

an environmental review in accordance with the requirements of 24 CFR part 50.

(c) *Proposal approval.* HUD shall send a notification letter to the PHA stating that the proposal has been approved or disapproved. For approved proposals, the letter shall indicate the approved total development cost of the public housing units in the development. HUD will also send to the PHA for execution an ACC amendment and/or a grant agreement. If the PHA has already executed a front-end ACC amendment, HUD will send to the PHA for execution a special ACC amendment for the mixed-finance development (and/or a grant agreement). The PHA shall execute these documents and return them to HUD for execution.

§ 941.610 Evidentiary materials and other documents.

(a) *Submission of documents.* As a condition of the release of grant funds under § 941.612, the PHA shall submit to HUD, within the timeframe prescribed by HUD, evidentiary materials and other documentation, as more fully set forth in the special mixed-finance amendment to the ACC (and/or grant agreement). Such materials and documentation shall include, but shall not be limited to:

(1) A copy of executed development-related contracts entered into by the PHA or owner entity with respect to the development, and the PHA-executed ACC amendment or special mixed-finance amendment to the ACC (and/or grant agreement);

(2) Agreements that are necessary to implement the proposal and to ensure that all requirements of this subpart are satisfied. Such agreements must be submitted to HUD for review and approval and shall include, but shall not be limited to:

(i) A deed restriction, covenant running with the land, ground lease, or other arrangement of public record, that will assure to HUD's satisfaction that the public housing units will be available for use by eligible low-income families in accordance with all applicable public housing requirements for the maximum period required by law;

(ii) A regulatory or operating agreement between the PHA and the owner

entity that provides binding assurances that the operation of the public housing units will be in accordance with all applicable public housing requirements;

(iii) An agreement between the PHA and the owner entity with respect to the provision of operating subsidy by the PHA in accordance with this subpart;

(iv) A partnership agreement, development agreement, or other agreement entered into between the PHA and its partner, or any other participating party, that establishes the relationships between the parties with respect to the implementation of the proposal, including all rights and liabilities (financial and otherwise) of the parties, a development schedule, and the respective commitments of the parties with respect to the development of the public housing units. For developments involving public and non-public housing units only, the PHA shall also provide for an allocation with the owner entity of expenses and risks (e.g., fire, exhaustion of, or failure to receive, syndication funds, etc.) associated with the development and operation of the development. The allocation of expenses and risks shall be based upon a ratio that reflects the proposed bedroom mix of the public housing units as compared to the bedroom mix and unit count of the non-public housing units in the development, or as otherwise approved by HUD;

(v) Any agreement relating to the management of the public housing units by an entity other than the PHA;

(vi) For developments consisting of public housing and non-public housing units, and in lieu of the standard co-operation agreement required under § 941.201(c), the PHA shall submit a co-operation agreement with the applicable locality concerning PILOT payments, local tax exemption and local government services on behalf of the proposed public housing units. Such payments, exemption and services must be based upon a ratio reflecting the proposed bedroom mix of the public housing units as compared to the bedroom mix of the non-public housing
